Mr. Martin Faith  
Scottish Window Tinting  
14251 E. Fremont Ave  
Centennial, Colorado 80112

Mr. Faith,

This letter is to confirm that Scottish Window Tinting is presently the **ONLY** authorized C-Bond Dealer in the state of Colorado.

As we have received interest from other companies in Colorado, it is important to understand that we only select top organizations that can professionally demonstrate and clearly communicate C-Bond's unique value proposal.

The C-Bond technology has been installed at the highest security facilities in the world and validated by leading 'gold standard' laboratories to significantly increase the strength of glass, enhance glass flexibility and improve the performance of window film-to-glass products. All C-Bond products come with complete residential and commercial warranty coverage.

Any unauthorized individual or company representing C-Bond products in Colorado is making false statements of fact and probably doing so to induce another party into a contract. This type of misrepresentation is an offense we take very seriously and assure you that we will seek all available remedies to protect the integrity of the C-Bond brand. For a complete list of Authorized C-Bond Dealers visit our website at [www.cbondsystems.com](http://www.cbondsystems.com).

As always, we appreciate your business.

Regards,

A handwritten signature in black ink, appearing to read "Bruce Rich", is written over the word "Regards,".

Bruce Rich  
Chief Executive Officer
